MO2 PROPERTIES

Deal Status Report — October 14, 2026

Week of October 14, 2026 • Prepared by Grant Sapkin • For Kenny & Michael Motew

SCREENED — ACTIVE UNDERWRITING — 4 DEALS

1006 S Michigan Ave — South Loop — PURSUE

Stage: Screened | Value: ~$6.0M (working basis) | 50 units | Counterparty: Joe Braun

Headline: The lead active file and the one that moved this week — the internal go/no-go on the 50-unit South Loop adaptive-reuse play came back a pursue. Over the past two weeks Grant firmed the numbers to the ~$5.8–6.0M basis, got Kenny & Michael through the building, and ran the pursue-or-pass discussion internally (10/8). Scale and location fit and the economics work at the lower basis; the forward move is a second tour and setting up the offer path. Buy-right is still the whole thesis here.

Recently completed: ✓ Internal pursue/pass discussion — moved to pursue (10/8) ✓ Reviewed updated numbers with Andrew, emailed Kenny & Michael, got them through the building (10/6)

1500 N Halsted St — Lincoln Park — NEW — INITIAL SCREEN

Stage: Screened | Value: $7.0M | 32 units | Counterparty: Tom Svoboda

Headline: New Lincoln Park screen sourced through Tom Svoboda, added this week. 32 units at $7.0M; initial numbers run (10/8) to test whether it clears the box and earns a deeper underwrite. Early read is investigate — a real-sized asset in a core submarket, so it stays in the active queue.

Recently completed: ✓ Ran initial numbers (10/8)

830 S Michigan Ave — South Loop — NEW

Stage: Screened | Value: $7.5M | Counterparty: Tom Svoboda

Headline: New South Loop look from Tom Svoboda, our largest-priced screen this week at $7.5M, just entered the pipeline. First-pass underwrite still to come — early read is investigate. Flagged here so the pipeline shape is visible; deeper numbers next.

10-22 W Erie St — River North — SCREENED

Stage: Screened | Value: $6.3M | Counterparty: Malek Abdulsamad

Headline: River North screen sourced through Malek. Offering memorandum came in and initial numbers were run (10/7); it now sits in the screen queue pending a call on whether to push into a deeper underwrite. No new movement since the first pass — investigate.

Recently completed: ✓ Got offering memorandum from Malek (10/5) ✓ Ran initial numbers (10/7)

LOI — 0 DEALS

Nothing at LOI this week.

UNDER CONTRACT — 0 DEALS

Nothing under contract this week.

HOLD — 3 DEALS

East Lincoln Park — 67-Unit Deconversion

WATCH — LARGEST DEAL

Stage: Hold | Value: ~$15.0M (our basis) | 67 units | Counterparty: Matt Neistat

Headline: Still our biggest active deal, on Hold pending the owners. 67-unit Lincoln Park condo deconversion (near DePaul / Wiener Circle) sourced through Matt, who advises the ownership group after an unsolicited offer. Latest word: Matt says the board is pushing him as the listing agent and he'll get us an update (10/9) — so the next move sits with him and the owners on access and direction. Price talk stays wide: sellers float $18.5–$19.0M, Matt pegs ~$17.0M, we underwrite from ~$15.0M, with $1.5–$2.0M capex (~$15K/unit) for electrical and galvanized plumbing. Holding until there's a reason to re-engage.

Recently completed: ✓ Board pushing Matt as agent — update expected (10/9) ✓ Followed up with Matt on an update (10/6)

3639 N Broadway — Wrigleyville Development Site

BACK ON — HOLD

Stage: Hold | Value: $5.0M | 24 units as-of-right | Counterparty: Steve Frishman

Headline: Back on the board this week — moved off Passed to Hold to re-open the denser scenario. $5M Wrigleyville development site; the base case is 24 units as-of-right (~$208K/door land basis, over our $150K/door ceiling). The lever is a 59-resi + 2-retail + 40-parking upzone that cuts land basis to ~$85K/door, comfortably under the ceiling. Gate: does the entitlement timeline and cost still clear a 7%+ yield on cost. Holding while we model both scenarios with Kenny & Michael — the rezone is the swing variable, carrying entitlement risk, timeline, and post-rezone reassessment exposure.

1312 W North Ave — Lincoln Park / West Town

HOLD

Stage: Hold | Value: $1.15M | Counterparty: Michael Rourke

Headline: On hold behind a competing buyer. Got details from Michael and ran the numbers; holding to see whether the other deal falls through before spending more time. Next check-in is scheduled for 10/19.

TASK	STATUS	NOTES
Check in with Mike — did the deal fall through?	● Waiting	Follow up 10/19; re-engage only if the competing buyer drops.

PASSED THIS WEEK

3 DEALS

412 S Well St (South Loop — Michael Walker) — toured 10/6 and opened the underwrite with Andrew, but the deal didn't justify pushing further off the screen. Passed.

515 N Dearborn St (River North adaptive reuse, $7.5M — Robert Baum) — refreshed the adaptive-reuse numbers with Andrew; sat on the edge and came down a pass on price. Passed.

215-223 W Ohio St (River North, $6.6M, DX-7, ~60,000 sf) — asking was too high to even underwrite; adaptive-reuse economics never work at stabilized-pricing basis. Would've engaged an architect on unit-count at $5M or lower. Passed.
