Stage: Closed Won 7/10 Value: \$17.8M Counterparty: Bogdan Popovych Lender: Heartland Bank

Entity names finalized in the documents: purchase option under Grand RBK Development LLC (member entity corrected to RBI Capital LLC), promote under RB Capital LLC. Seller provided proof the survey invoice cleared 8/22/25 (check #6938). Quiet since close — no post-close items surfaced yet this week.		
Recently completed: ✓ CLOSED 7/10 — 53 units, \$1.8M land / ~\$301K/door basis held ✓ Entity structure finalized (7/9–7/10) ✓ Survey payment documentation cleared		
224 N Desplaines St		UNDER CONTRACT
Stage: Under Contract (per Michael 7/13; CRM still shows Screen + Underwrite) Value: \$26.5M all-in Counterparty: Eric Weber (Cubed CRE)		
Headline: Went under contract on the 87-unit office-to-resi conversion. Plan per Michael: convert as-of-right with a special use permit for ground-floor residential. Zoning counsel engaged — Michael, Ken, and Eric set a call with Rolando Acosta (Acosta Ezgur) Monday afternoon 7/13.		
TASK	STATUS	NOTES
Zoning — special use path	● In Progress	Rolando Acosta call held 7/13 on the as-of-right conversion + ground-floor special use.
Expense ratio substantiation	● Waiting on Others	Brandon's stabilized-portfolio comps with Eric; awaiting his read on the ~31% ratio.
Basement SF verification	● Waiting on Others	GBA gap (85,652 vs 69,288 SF); awaiting Chris's measurement.

1201 W Kinzie St		NEW — LP OPPORTUNITY
Stage: Screen + Underwrite Value: \$24.8M sponsor cost (\$22.0M own model) Counterparty: Scott Borstein (sponsor, 1201 W Kinzie LLC — direct)		
Headline: 66-unit Fulton Market ground-up, third-party sponsor LP raise (\$5.6M). Land at ~\$31K/door buildable (\$2.075M, under contract from liquidity-pressured Sterling Bay) — clears the \$150K/door land ceiling ~5x. 7.6% yield-on-cost vs 5.5% exit cap; our re-underwrite shows 35.8% deal IRR / 3.16x at \$22.0M cost vs sponsor's 26.5% / 2.25x LP-net at \$24.8M. Gate: entitlements still pending at CPC (ICMA removal + rezone + special use). Borstein is a new counterparty — no track record with us.		
TASK	STATUS	NOTES
Entitlement timeline confirmation	● Working on it	CPC/Council slip breaks the 20-month build / 2029 stabilization math.
Hard-cost reconciliation	● Working on it	\$225/SF own model vs \$269/SF sponsor deck — resolve before sizing a check.
Recently completed: ✓ Preliminary underwriting run 7/7–7/8; deal added to CRM with full screen

NO MOVEMENT THIS WEEK

222 W Ontario St (Screen + Underwrite, Subject to Offer) — no follow-up on the Frontline package (63-unit test fit); price discovery still gates the basis test.

3639 N Broadway (Pre-DD + PSA, \$5.0M, Steve Frisch) — no updates; third consecutive quiet week. Byline timing-vs-price question still open.

Decisions Needed — Kenny & Michael

- 950-952 N Noble — Earnest money:** the additional \$39,150 deposit was due Tuesday 7/14 — confirm it went out (and tell Wayne), or wire it today.
- 1201 W Kinzie — LP check sizing:** once entitlement timeline and hard costs check out, decide whether/how much to commit to the \$5.6M LP raise before it fills.
