

Deal Status Report — September 23, 2026

Week of September 23, 2026 • Prepared by Grant Sapkin • For Kenny & Michael Motew

SCREENED — ACTIVE UNDERWRITING

4 DEALS

East Lincoln Park — 67-Unit Deconversion		TOUR THIS WEEK
Stage: Screened Value: ~\$15.0M (our basis) 67 units Counterparty: Matt Neistat		
Headline: Our most advanced active deal. 67-unit Lincoln Park building (near DePaul / Wiener Circle) sourced through Matt, who advises the ownership group after they took an unsolicited offer — a full-building condo deconversion (re-assembling all units into one rental asset). Price talk is wide: sellers float \$18.5–\$19.0M, Matt pegs ~\$17.0M, we underwrite from ~\$15.0M. Deconversion looks feasible: 58–59 of 67 units rented, only eight owner-occupants (one holds ~25%). Recent capital done (roof, masonry, hallways, elevator); remaining electrical (~\$150K) + galvanized-plumbing, total capex \$1.5–\$2.0M (~\$15K/unit). Post-reno 1BR rents pencil \$2,700–\$2,900.		
TASK	STATUS	NOTES
Matt getting us into the building	In Progress	Walk-through targeted this week (due Thu 9/24). This is the gating item — confirms the underwrite.
Recently completed: ✓ NDA signed & details gathered from Matt ✓ Ran numbers, deal sent to Kenny & Michael ✓ Called Matt to confirm we're pursuing		
2801 W Logan Blvd — Logan Square		TOURING TODAY
Stage: Screened Value: \$4.0M 14 units Counterparty: Will Sprinkman		
Headline: 14-unit Logan Square walk-up. Touring with Will at 11:30 AM today, with Andrew running numbers this afternoon. Note the initial screen flags it above our \$2.0M price ceiling with a DSCR (~1.05) below the 1.20 floor — the underwrite will decide whether the in-place economics or a value-add case can bring it into range, or whether it's a pass unless repriced.		
TASK	STATUS	NOTES
Tour with Will	In Progress	11:30 AM today (9/23).
Andrew running numbers, then review	In Progress	Due this afternoon (9/23).
Recently completed: ✓ Ran numbers; would email Kenny & Michael if it clears (9/15)		
1006 S Michigan Ave — South Loop		ADAPTIVE REUSE
Stage: Screened Value: \$7.75M 49 units Counterparty: —		
Headline: 49-unit South Loop building being underwritten as an adaptive-reuse conversion. Scale and location fit the box; Andrew is running the reuse numbers this afternoon, then review. A tour has been scheduled off the initial pass.		
TASK	STATUS	NOTES
Andrew running numbers, then review	In Progress	Adaptive-reuse underwrite, due this afternoon (9/23).
Recently completed: ✓ Ran adaptive-reuse numbers & scheduled tour (9/22)		
515 N Dearborn St — River North		ADAPTIVE REUSE
Stage: Screened Value: \$7.5M Counterparty: Robert Baum		
Headline: River North building under an adaptive-reuse lens. Info is in hand (Scott sent the package) and Andrew is running numbers this afternoon. Sits on the edge on the initial read — the underwrite tells us whether to push the seller on price or let it sit.		
TASK	STATUS	NOTES
Andrew running numbers, then review	In Progress	Adaptive-reuse underwrite, due this afternoon (9/23).
Recently completed: ✓ Ran as adaptive reuse on Scott's info (9/21)		

Nothing at LOI or under contract this week.

3639 N Broadway — Wrigleyville Development Site

MODELING UPZONE

Stage: Hold | Value: \$5.0M | 24 units as-of-right (59 upzone case) | Counterparty: Steve Frishman

Headline: Wrigleyville development site at \$5.0M. Base case is 24 units as-of-right; we're now modeling a denser 59 residential + 2 retail + 40 parking scenario that needs a zoning change. The upzone is the basis lever: at 59 units the land runs ~\$85K/door vs ~\$208K/door at 24 — moving basis from above our \$150K/door ceiling to comfortably under. Swing variable is entitlement risk/timeline on the rezone; construction cost/SF and exit cap on cost are the core sensitivities, plus post-rezone reassessment.

TASK	STATUS	NOTES
Run both scenarios w/ Kenny & Michael	In Progress	24-unit as-of-right base vs 59-unit upzone case.
Gate the 59-unit case	Waiting	Does the entitlement timeline + cost still clear a 7%+ yield on cost?

Recently completed: Discussed with Ken (9/16)

1312 W North Ave — Wicker Park / West Town

HOLD

Stage: Hold | Value: \$1.15M | Counterparty: Michael Rourke

Headline: Got details from Michael and ran the numbers; the deal is on hold behind a competing buyer. Holding to see whether that falls through before spending more time.

TASK	STATUS	NOTES
Check in with Mike — did the deal fall through?	Waiting	Follow up 10/19.

Recently completed: Got details from Michael, ran numbers (9/21)
